Kathy Whitehead and Liz Zalme from the Health Department were guests at the meeting explaining the services for senior citizens. A list of trusted resources directing seniors where to go could be included on the website. There was a survey completed in 2018 on transportation, nutrition, aging in place and quality of life.

The Survey SubCommittee reported to use the AARP survey we would be required to join. Noel will continue to contact other towns. Barbara will continue to contact the County. Albie will contact the Association of Mature American Citizens. Albie questioned: Should we use other town's survey, use AARP, or make our own survey?
