Trash collection that falls on a holiday will be collected the following day. Each subsequent collection day will be pushed to the following day for the work week.

If your recycling collection day falls on a holiday, it will be picked up on your next normally scheduled day for recycling collection.

The same principle used for a holiday will apply in the event of **inclement weather**, such as snow and ice storms, and hurricanes. If collection services are suspended due to weather, your recycling is your next normally scheduled day, and your trash collection will be the next day.
