# LEGO STEM Engineering Mini-Camp at The Township of Morris

Monday, Feb. 18th - Tuesday, Feb. 19th 2019

## Jedi Engineering w/LEGO Materials

9:00am - 12:00pm • Grades K - 2

The Force Awakens in this introductory engineering course for young Jedi! Explore engineering principles by designing and building projects using LEGO® materials such as X-Wings, R2 Units, Energy Catapults, Defense Turrets, and Settlements from a galaxy far, far away. Create motorized and architectural projects with imagination and engineering to defeat the Empire!

## Jedi Master Engineering w/LEGO Materials

1:00pm - 4:00pm • Grades 3 - 6

The Force Awakens in this advanced engineering course for young Jedi! Discover key engineering concepts such as gear trains, worm drives, pneumatics, and eccentric motion.

Build projects from LEGO® Materials such as X-Wings, AT-AT walkers, Pod Racers, Star Destroyers, Cloud Cities, Settlements, Fortresses, and other complex machines and structures from a galaxy far, far away.

*\*Price: \$119.00/Student for the 2-Day Camp.\**

**Registration is taken by the Township of Morris Parks & Recreation Center.**

**To register, please visit <https://register.communitypass.net/morristownship>**

**For more information on the program please contact Matt Grubin at [matt@play-well.org](mailto:matt@play-well.org).**

Kids are already naturally gifted creators. They dive into our massive collections of LEGO®. And while they build elaborate objects they explore fundamentals principles of engineering and physics. They also learn to collaborate and create without fear of mistakes. The experience is joyful, the impact long lasting. **Learn more at [play-well.org](http://play-well.org).**
